

Accountability Reporting

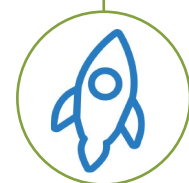

Data management and analytics to meet federal, state, and local accountability requirements

Drive Better
Decision-Making

Optimize School and
District Operations

Improve Student
Outcomes

Hoonuit provides reports and dashboards that enhance and simplify district reporting and the every-day analysis needed by administrators, teachers, staff, and other stakeholders.

- Successfully navigate ESSA's requirements with dashboards and reporting
- Efficiently organize, store, and report district and state compliant metrics
- Automate analysis and reporting of longitudinal district trends
- Track KPIs and align your data to strategic plans
- Compare schools on an apples-to-apples basis with Similar Schools analysis

PROACTIVE ACCOUNTABILITY MONITORING

District Report Cards

Graduation rate? Attendance and chronic absenteeism?

ELA, mathematics, and science achievement? ELL progression? Post-secondary enrollment?

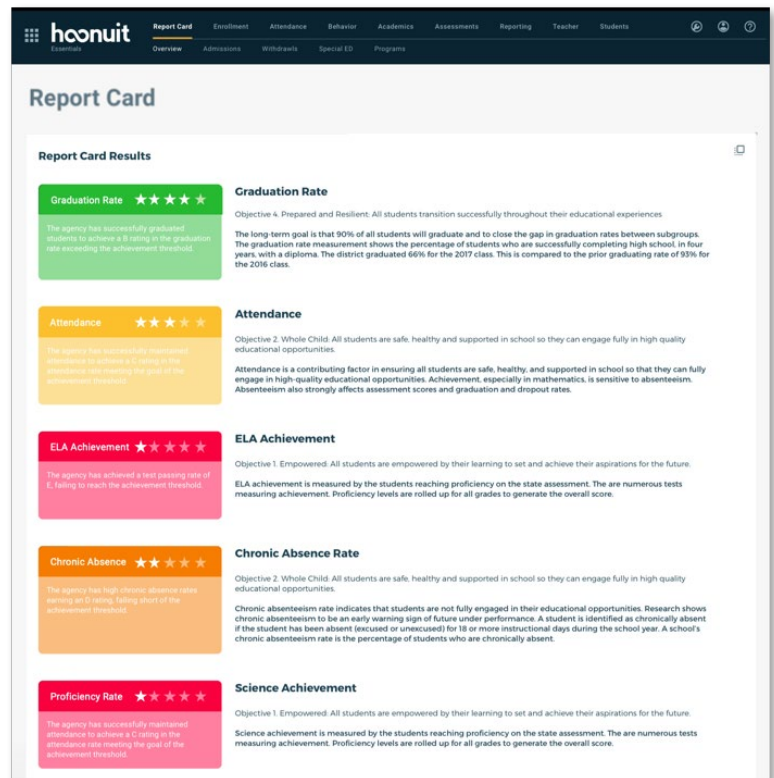

Hoonuit provides educators with an all-encompassing view of how their schools and districts are performing. We provide the easy access and awareness your accountability, research, and data teams are striving for – on a daily basis. Our role-based dashboards give the right access to the right stakeholders at the right time with the ability to drill down into individual students.

Accountability Metrics

Education leaders find their attention pulled in several directions throughout the day. It can be hard to stay on top of the daily changes needed to achieve continuous school improvement. Hoonuit helps you connect the dots from information that is reported annually to the daily functions educators undertake to improve achievement. We provide end-to-end data management integrating all of your data sources with reporting from easy-to-understand dashboards.

Data Literacy

To nurture a data driven culture and fully maximize the power of your information, educators need to easily use and understand data. Hoonuit's data and analytics platform is user friendly with intuitive dashboards that tell meaningful stories and guide you to action. We also provides tools such as 'What to Do' next steps for success and Integrated Professional Development videos that provide data learning experiences for educators.
